

# Reproduction Enterprises, INC

Employment Opportunity

## Reproductive Specialist

---

### Objective

REI is looking for an individual that is passionate about large and small ruminants with the desire to grow and assist our male reproductive services team.

### Company Description

Reproduction Enterprises has been involved in semen collection and processing since 1978 and is a member of National Association of Animal Breeders (**NAAB**) with (**CSS**) status since 1982. In 1980 REI began embryo transfer services and has operated as a certified facility for over 35 years with American Embryo Transfer Association (**AETA**).

### Training

The ideal candidate should be interested in large and small ruminant reproduction. This is a great opportunity for an individual who is passionate about reproduction physiology, and the desire to grow their expertise in reproductive technology with REI.

### Salary and Benefits

REI offers a competitive salary with benefits that include health insurance, retirement, and paid vacation.
